

Michelle Walker

ARTIST BIO

Michelle Walker is a Visual Artist whose work explores the bonds we build with the landscapes we inhabit and the native wildlife and plants that live alongside us.

With an art practice that spans 18 years and an environmental consulting practice that spans 25+, creativity and caring for nature are woven like cross threads in Michelle's career and interests.

Michelle uses a mix of media – acrylic, cold wax medium and oils, metalwork, enameling and woodworking. Since 2005, she has exhibited regularly in group, joint and solo shows. Her jewellery and paintings are held in collections in Australia and the US.

Michelle has been a resident artist at the Lismore Art Space in Northern Rivers, NSW and is a member of the Blue Knob Hall art collective.
